Professional Summary

Economics student at Universidad Carlos III de Madrid, member of the Universidad de Chile Honor Roll (top 1% of class) for three consecutive years. Hands-on experience in credit risk, capital management, and financial operations at Bridge Ventures Group and Santander Chile, combining financial analysis with AI-driven process automation. Founder and developer of ClasesVG, an AI-enabled tutoring platform serving 200+ university students. Teaching Assistant across seven economics, finance, and accounting courses, with academic experience in Chile, Spain, Germany, and the United States.

Experience

Bridge Ventures Group Jun 2026 – Present

Credit Risk Analyst Oct 2026 – Present

- Assess the creditworthiness of corporate and individual clients for financial and operating leases and factoring, analyzing financial statements, liquidity indicators, and commercial credit records to prepare credit evaluation reports.
- Leverage LLM-based solutions to automate selected stages of credit analysis and report preparation, improving process efficiency.

Commercial Executive Sep 2026 – Oct 2026

- Supported the day-to-day operations of the group's financial services business, principally working with the Peru team across leasing and factoring processes.

Business Analyst Intern Jun 2026 – Aug 2026

- Supported the CEO across business operations, technology, and strategic initiatives, including market research for real estate opportunities.
- Contributed automation ideas to the launch of an internal platform for communication, billing, and payments, reviewing that workflows fit end-user needs to streamline work and improve information flow.

Capital Management Intern Mar 2026 – Jun 2026
Santander Chile

- Supported Capital Management in data validation and process automation using VBA, JavaScript, SQL, and Databricks.
- Worked with capital management data and metrics under Basel III, including RWA, RORWA, and RORAC.

Founder & Developer 2025 – Present
ClasesVG

- Founded and developed an independent tutoring platform serving 200+ university students in Economics, Statistics, Accounting, Finance, Excel, and Python, with class booking, scheduling, academic resources, and progress tracking (Next.js, React, TypeScript, Supabase, Vercel).
- Integrated AI-powered academic tools (Google Gemini API) and Google Calendar API, automating scheduling, student communication, and post-session reporting.

Teaching Assistant Feb 2024 – Present
Department of Business and Economics, Universidad de Chile

- Econometrics (2 semesters); Introduction to Macroeconomics (Prof. José De Gregorio, 2); Accounting (5); Introduction to Finance (1); Statistics (Prof. Eduardo Engel, 1); Communication Skills (2); Introduction to Economics (1).
